Greetings Ladies and Brethren,

Brethren and sisters, it's now Autumn as little leaves fall softly down red and yellow, orange, and brown whirling, twirling round and round falling softly to the ground, little leaves fall softly down to make a carpet on the ground then, swish, the wind comes whistling by and send them dancing to the sky.

September was a busy month! The Past Master of Columbia Brotherhood lodge are an internal and important part of this lodge and the backbone of our success. The Past master held their annual dinner and dance last September 10th. It was a great, fun, and successful night. Thanks to WB Danilo Dauz and the brethren who

help coordinating this event. I would like to reflect on our progress last month we have raised two Master masons Brother Jose Rivera was raised on September 14th and Brother William Nichols was raised on September 21st, each degree has big turn out from the brethren, thank you brethren for continued support to the lodge and to our new raised brothers. September 24th, we had our annual family picnic at Lake Chabot we have so much food, fun games, and prices it was a team effort lead by our Marshall Brother Frank Pertierra, SS Brother Jerry Jugal, JW Brother Jason Hui, SD Brother Anil Awasti, Brother Jod'I Cruz, and our Chaplain WB Francis Feliciano. Thank you, brethren! This is the beauty of Freemasonry.

"THE BEAUTIES OF FREEMASONRY" by WB Martin Kloss. Freemasonry has been called a beautiful system of mortality, veiled in allegory, and illustrated by symbols. Did you know that allegory is from two Greek words meaning story within story? Allegory, Parable, Fable, Myth, Legend, and tradition are correlative terms. The myth may be founded on fact. The legend and tradition are probably founded on fact. Allegories, parable, and fable are

not. Yet they may be true if "TRUE" is not taken to mean factual. Allegories may contain truth without being a fact. The complexity of Freemasonry is the allegory of its lessons in person.

Masons working together for the common good sharing a secret as special and unique as the individual.

October will be also a busy month! October 5th is our stated meeting, October 15th we are going to have a "Table Lodge" signup genius was already sent out please come and join us, October 19th will be the proficiencies of the senior officers. October 21st to 23rd is the ANCOM and on October 28th its HAVANA night. As always, I would like to invite the brethren to all our events and thank you for your help and support.

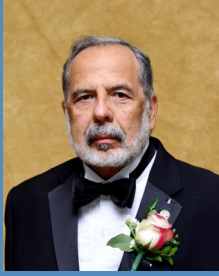

Fraternally,

Reyno Del Rosario Jr.

Brothers and sisters,
With the advent of the autumn equinox on September 22, we have reached samhain which is pronounced “sow-in” meaning “Summer’s end” in old Irish¹ and fall season is upon us in the northern hemisphere. The students in our lives have returned or are returning to school, and as many of us participate to some degree in what our Jewish brethren refer to as the Feast of Tishiri, the Hebrew equivalent to a harvest festival or Thanksgiving², and as those in many countries celebrate Halloween, I send you greetings from the West.

Halloween has been celebrated in many countries for several centuries as a time for remembering and celebrating those who have gone before us. The book of Leviticus gives an account of God telling Moses that on the 15th day of the month of Tishiri, being the 7th month of the Hebrew Civil Calendar, the fruits of the land were to have been gathered², and traditions celebrated in the Scottish rite informs that King Solomon’s

temple was dedicated during the Feast of Tishri. During this time of year, some gather or harvest the fruits what they have planted, and others reap the rewards of their efforts. Several of our brethren have worked toward proficiencies have been able to reap the rewards of their efforts via their subsequent degree conferrals, and several of our senior officers have for the past few months worked to learn and perfect their degree work and hope to reap the benefits of this work by passing their officer proficiencies during the month of October. Please keep good thoughts successful proficiencies for each of our officers and brothers on their path toward master mason.

After our September stated meeting on September 7, 2022, we celebrated our Past Masters on September 10, and MFC participants met on September 12 and 19 to continue learning about Freemasonry and to sow seeds and to do work needed for proficiencies and for degree work, and the figurative harvests were celebrated in the form of

third degree conferrals on Wednesday, September 14, and Wednesday, September 21 during which Brothers Jose Rivera and Bill Nichols were raised to the sublime degree of Master Mason.

Brother Jose Martin Rivera was born on March 23, 1969, in Papasquiario Durango Mexico, grew up in his parents’ home in Chicago, IL, and at the age of 6, returned to his Papasquiario birth city with his parents. At the age of 15, Jose he entered a Catholic Seminary in the city of Durango Mexico, for his high school studies and to explore the possibility of becoming a catholic priest.

After high school, Jose returned to the United States with the intention of entering a veterinary school and enrolled at San Jose City College to learn English as a second language and worked in the housekeeping department at the Good Samaritan Hospital in San Jose, CA. In 1991 Jose

Eating is a daily ritual, some more than others. Food in any amount or form helps bring people together. It does this in two ways. First, people take the time to sit down and eat their meal, the 2nd is when others join them and start a conversation. This simple ritual, so mundane in its steps,

create memories and causes friendships.

The table, therefore is a unifier of a community of people. It does not matter if the food is good, but luckily we have a good cook, it just matters that a conversation is started between the people at the table.

In a way, the dinner meal before the stated meeting unite the brethren and treat each other with respect and admiration in

the lodge room. That is why many candidates are included in our stated meeting dinners, to unite them with us.

Judging from the plentiful amount of food at our tables, I believe we have a strong bound among our brethren

Thank you for letting me serve you

started a new job with a biotechnology company in Palo Alto California, where he learned animal husbandry for research mice used in HIV studies and joined the computer science and the veterinary programs at the Foothill College in Los Altos California. He currently works in the laboratory of Dr. Elliot Stieglitz at UCSF who researches Acute Myeloid Leukemia (AML) and Juvenile Myelomonocytic Leukemia (JMML), a rare cancer of the blood that affects young children

Jose married in December 1993. His daughter Noemi was born San Jose, CA in 1994 and his son Giovanni was born in San Jose, CA in 1996. Jose divorced in 2009 and in 2018 started dating Maria Falcon with whom he enjoys singing, dancing, exploring new places, trying new wines and foods, and preparing and sharing meals with friends and family.

Jose also likes to sing anytime there is an opportunity with live music or karaoke. He plays the guitar and was part of a Mexican band with his friends in San Jose, CA. In his free time, Jose enjoys biking, hiking, yoga, and boxing, and works Saturdays as a soccer referee in an over 50 and over soccer league in San Francisco.

Jose was introduced to Freemasonry by Worshipful Master Reyno del Rosario. They work in the same building, and when Jose asked WM Reyno about the square and compass on WM Reyno's jacket and shirt, WM Reyno asked him to and visit our lodge. Jose liked the environment, and saw that Freemasonry is a philosophy that he has been seeking for long time.

Jose likes to help people all the time, and, in the past, he organized people from his home

town in Mexico, who live across the United States to donate money to buy groceries for a Christmas dinner for a family who was not able to afford a Christmas meal. Charity has been an important part of Jose's life and saw the opportunity to do it as a Freemason.

Jose enjoys friendship and values all his relationships. It is very important for him to spread peace and joy to other people regardless of who they are. At work he makes pancakes for everyone in the building every Wednesday morning, and on Thursdays after work, you can find him at Anchor Steam brewery enjoying a beer with a few friends trying to have good laughs and relax.

Jose is very excited about the future as a Master Mason, learning about freemasonry, and being able to help at the lodge and in the community, being a friend or a brother, and becoming a better person in all aspects of life. The accounts of events which occurred during the 2022 Master's trip to the Philippines and during which our brothers visited and contributed to care homes and orphanages had a strong impact on Jose, and he would like to organize an event to collect money and donate it to an orphanage and make a difference in the lives of people who are in need and sometimes ignored by others. In Columbia Brotherhood Lodge No. 370 he has found a great place for friendship and with the help of our brothers he expects to find joy for himself and to give joy to others.

Brother Bill Nichols was born in Louisiana in 1959 and moved to Florida when he was 5 years old. He graduated from the University of Central Florida in Orlando in 1981, then joined the Air Force and flew KC-135 Air Refueling tanker aircraft for 24 years. He re-

ceived a Bachelor's degree in Biology, an MBA, and a Master Certification in Applied Project Management from Villanova University, and he has been working as a Government contractor at Travis AFB since his retirement from the military.

Brother Nichols has three beautiful daughters and two grandchildren, and his hobbies include singing, running/hiking, and many other outdoor activities.

He was introduced to Freemasonry in August 2021. Charity, a basic Christian principle, and giving back have been an important part of his life, and he has tried to emulate this behavior throughout his life and through his work in church with his family and in his community.

Brother Nichols believes that building close friendships and relationships is key to a successful life: that being able to share knowledge with and receive knowledge from our brothers and sisters makes us stronger and increases the bonds of our family. Brother Nichols believes Columbia Brotherhood Lodge no. 370 embraces these tenants and is one of the key reasons it is he selected CBL 379 as his Blue Lodge. He seeks to continue his Masonic journey through participation in the Lodge as an officer and with other Concordant bodies. He believes our youth is our future and, he personally wants to provide more ways to support youth programs in our community and abroad. Please reach out and congratulate our new brother master masons your earliest opportunity.

Walking Together

By Rob Morris

Robert Morris, (August 31, 1818 – July 31, 1888) was a Freemason and a prominent American poet, and after becoming a Mason on March 5, 1846, he, believing that female relatives of Masons needed to share in teachings of Freemasonry, wrote the first ritual of the Eastern Star, entitled, *The Rosary of the Eastern Star*.⁵ Morris also wrote many poems related to Masonry and Masonic Symbolism and assembled them into his 1884 book, *The Poetry of Freemasonry*. Many of these poems have been published in the website referenced in Footnote 6, some of the poems differ from the versions in the above-referenced book, and one poem entitled, *Walking Together*⁶ follows.

In thought, word, and deed,
We too are agreed,
From the same Fount Of Knowledge
Instructed;
And by the same hand
We'll travel or stand,
To the same Goal of triumph conducted.

Through the same open door,
We lame, blind, and poor
Undertook the same mystic endeavor;
Through the same grave at last,
When death's trial is past,
We'll share the forever and ever.

Our friends are the same,
Whatever their name,
Whatever their station or nation;
The same are our foes,
Whose malice but shows
Their hearts black with coming damnation.

We too, then, can walk,
Sit, stand, work, or talk,
In union make sign or give token,
And while life remains
With its losses and gains
Let's see that the tie be not broken!
